

LaHave River Straight Pipe Replacement Program Application Form

Thank you for your interest in the LaHave River Straight Pipe Replacement Program, administered by the Municipality of the District of Lunenburg (“MODL”).

By applying for this program, you are agreeing to have MODL design and install an On-Site Sewage Disposal System on your property. By enrolling in the program, up to two-thirds (2/3) of the costs will be covered through infrastructure grants, and you will be provided the opportunity to pay the remaining installation and program costs over seven years or by a one-time payment.

Additional information about the LaHave River Straight Pipe Replacement Program can be found at www.modl.ca/LaHaveRiver. Any questions can be directed to MODL by emailing LaHaveRiver@modl.ca or by calling (902) 543-8181.

The program is based on full cost recovery: any program costs not recoverable via federal and provincial grants will be recovered from property owners who benefit from the replacements. The majority, but not all of the program costs, are eligible for two-thirds cost sharing from the federal and provincial governments. At the end of the seven years, full responsibility for the system will transfer to the property owner.

Upon receipt of your completed Application Form, MODL will assess your property’s eligibility based on the following:

- Location: your property must be located within MODL’s Wastewater Management District
- Verification of property ownership
- Confirmation of a straight pipe

After you qualify for the LaHave River Straight Pipe Replacement Program, you will need to sign the Customer Agreement. Once this is signed, a representative from MODL will work with you to arrange the scheduling of any necessary inspections and installations.

APPLICANT INFORMATION <i>The person to whom all communication will be directed.</i>		
Full Name of Primary Contact:		
Mailing Address:		
Email Address:

CONSENT TO BE CONTACTED

We would like to feature the first few property owners to receive new on-site sewage disposal systems in various promotional materials, including magazines and on social media.

Are you willing to be contacted for promotional purposes? Yes No

Please provide as much information about your site as possible in a sketch below, including property lines, the location of current waste disposal systems, your well and neighbouring wells. This will enable us to schedule your assessment and installation quickly and efficiently.

Any surveys, site plans, system designs or other relevant documents should be attached.
