

Sherbrooke Lake Stewardship Committee Meeting June 27, 2022

Draft Minutes:

Present:

Garth Bangay
Robin McAdam
Blake McNeely
Chad Haughn
Bill Schurman

Regrets:

William Baldrige
Sandra Challis

1. The two pager for public distribution on the 2021 WQ program was finalized.
2. The details respecting the presentations to both Chester and MODL Councils were discussed and finalized, deadline for submission is July 7th. Both the two page and full report will be available. Coastal Action will prepare a power point presentation and Garth will lead the MODL presentation on July 12 and Robin will lead the Chester on July 14, 2022, Blake will lead the technical part of the presentations
3. Plans and options for further work on Cyanobacteria were discussed with the following three options being considered:
 - a. Continue with opportunistic sampling when someone reported a bloom as in 2021,
 - b. Organize a one-day lake sampling blitz with Hugh MacIntyre et al from Dalhousie University,
 - c. Do nothing.
4. It was agreed that Robin, Garth and Blake would meet with Hugh MacIntyre to explore possibilities going forward.

5. Coastal Action has increased their capacity to address freshwater quality monitoring and related issues with the addition of Kaylee MacLeod to their team.
